

Circle Around

Supply List:

- Your sewing machine in good working order
- Slide on extension table
- Number 37 and 57 quarter inch foot
- Size 80/12 Microtex needles or any sharp needle you may prefer
- Cotton piecing thread
- Glass head straight pins
- Circle Around book and medium template (available at SEW Hut)
- 28mm or 45mm Rotary cutter
- A piece of fabric for your background as large as you would like your quilt or wall hanging to be
- Several pieces of fabric for your circles. Some should be as large as 20 inches for large circles or as small as 8 inches for small circles. If you are fussy cutting you may need larger pieces. Bring more than you think you will need as most of the class is focused on design and during the planning sometimes the fabric choices you made may change. I also suggest for your first Circle Around project you don't make it too large.
